

# Maiestas

Group of Companies

Corporate Profile

# We Believe In Innovation....

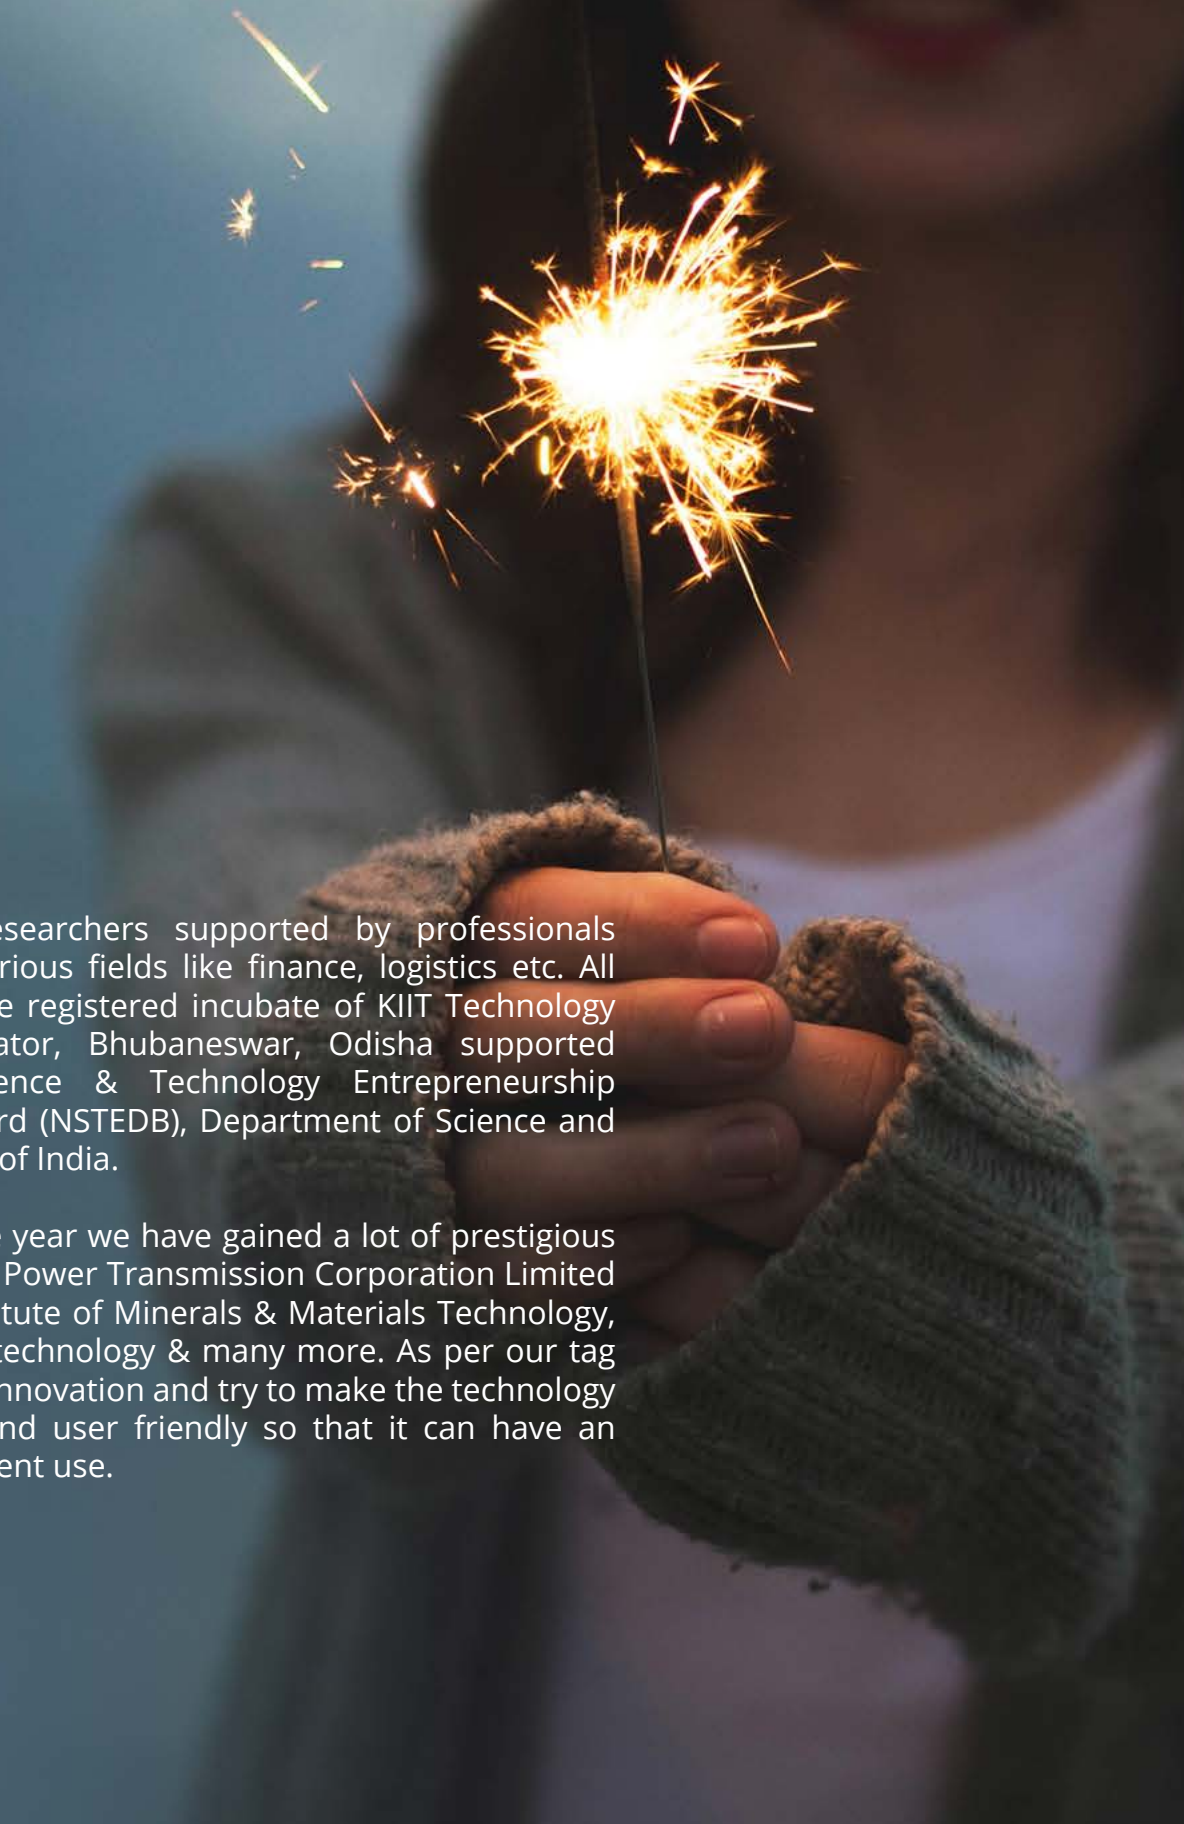

Maiestas Group of companies was founded on 26th February 2014 when Maiestas Luminaries Private Limited and Maiestas Laboratories took the flagship of the brand name Maiestas.

The first venture of the Maiestas family was Maiestas Technologies Private Limited. The venture was started as a registered firm on 15th November 2012 with the name Majestic Technologies. The name Maiestas Latin name for "Royal" became the brand name in the 15th day of January 2013 when the registered firm acquired the Private Limited status and came to be known as Maiestas Technologies Private Limited.

The main motive of the group is all-round sustainable development and growth in the manufacturing segment of various industries. Company is driven by a team of technocrats

and industrial researchers supported by professionals and experts in various fields like finance, logistics etc. All our companies are registered incubate of KIIT Technology Business Incubator, Bhubaneswar, Odisha supported by National Science & Technology Entrepreneurship Development Board (NSTEDB), Department of Science and Technology, Govt. of India.

In the span of one year we have gained a lot of prestigious clients like Odisha Power Transmission Corporation Limited (OPTCL), CSIR-Institute of Minerals & Materials Technology, KIIT School of Biotechnology & many more. As per our tag line we believe in innovation and try to make the technology more economic and user friendly so that it can have an effective and efficient use.

## We are Supported by

### Technology Incubation and Development of Entrepreneurs

Supported by Technology Incubation and Development of Entrepreneurs (TIDE) Seed fund Scheme under the policy of Department of Electronics & Information Technology, Ministry of Communications & Information Technology, Govt. Of India. This Scheme is to provide a technology driven startup the financial support for the development of indigenous products and packages in the areas of Electronics and ICT.

### NSTEDB

The National Science & Technology Entrepreneurship Development Board (NSTEDB), established in 1982 by the Government of India under the aegis of Department of Science & Technology, is an institutional mechanism to help promote knowledge driven and technology intensive enterprises.

### TDB Seed Support Scheme

## From the Desk of Chairman

The Maiestas Group of Companies was founded keeping an aim to cater the need for development of affordable and rugged technologies to suit the need of India & its population. From the modest beginning in the year 2013 as a service provider for the imported research instruments, the group has evolved as a pioneer in manufacturing and service industry in the state.

We as a group have a clear vision to be known as "The preferred destination for all Engineering needs". A regular support from clients and their belief inspire us to stretch the boundaries of what can be achieved.

Our success is based on the commitment of our people, who represent our most valuable asset.

Maiestas Group's businesses work closely together, and while our industry sector interests may be diverse, the sharing of best business practices and our focus on results equips us to make bold and sound decisions. Maiestas Group's businesses & its products are a perfect blend of creativity and engineering.

I with my team assure you that we will do everything in our power to conduct ourselves with professionalism and be highly competitive and diligent in providing outstanding products and services to you in designated time with cost-effectiveness & uncompromised quality. We stand behind our commitments to our clients and we will work diligently to earn your trust and respect to deliver business with excellence.

Mr. Sruti Kanta Mishra

Founding Chairman  
Managing Director, Head Research & Product Development  
Maiestas Group of Companies

Technologies Division

## Luminaries Division Lighting Redefined

Business  
[ Maiestas Luminaries Private Limited ]

## Luminaries Division Lighting Redefined

Maiestas is one of the few manufacturers of specification-grade recessed and surface down lights & specific industrial lighting for commercial and institutional applications. We offer a complete line of energy-efficient new construction, retrofit and remodel luminaries, with a variety of LED lamps and control options, aperture sizes, styles, mounting types, light distributions, and lumen packages. Our products are designed in ways which enable fast and safe installation.

All our products have high efficiency and are designed for energy savings.

Apart from production, we also provide a concerted insight to our customers into all aspects of lighting.

There is always introduction of newer technologies & designs into the system both in terms of product designs as well as machineries. Cost effectiveness and best in class products are our forte. Maiestas Luminaries designs and manufactures items which include systems for both interior and exterior installations.

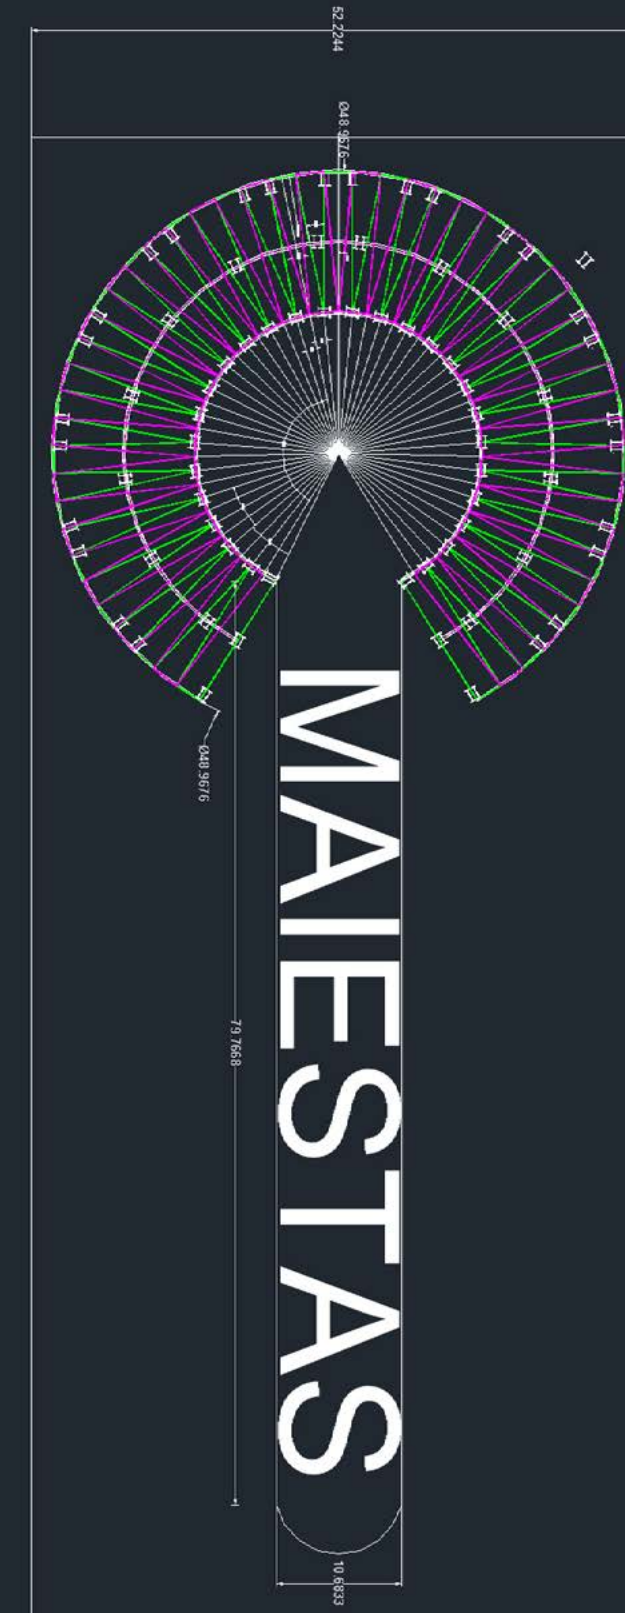

We offer a complete line of performance fixtures at tiered price points to help meet a wide range of project budgets.

Our expertise has been duly acknowledged by repeat orders from our esteemed clients which include the likes of NALCO, OPTCL, KIIT University, DES, SR Associates etc

Infrastructures Division  
**We Build Tomorrow**

Business  
[ Maiestas Infrastructures Private Limited ]

## Infrastructures Division **We Build Tomorrow**

Maiestas Infrastructure was conceived with the idea for providing excellence in the infrastructure sector backed by rich technical expertise. With the philosophy of vitalizing the nation's strength, Maiestas Infrastructure strives for bringing the best services and cater to multiple stakeholders across spectrum. With significant presence across the state of Odisha, and a vision to succeed, we are one of the fastest growing players in the field with dynamic and experienced team expanding horizons in Infrastructure, Energy etc. A strong management team along with competent and well qualified professionals, efficient manpower, technologically superior plants and machinery, along with an operational code of conduct bearing the highest degree of professionalism.

"The link between infrastructure and economic development is not a once and for all affair. It is a continuous process; and progress in development has to be preceded, accompanied, and followed by progress in infrastructure, if we are to fulfil our declared objectives of generating a self-accelerating process of economic development."

The Group has consistently ensured its role in essaying the prominence in construction, infrastructure building and has portrayed a genuine image of national development through the myriad projects completing successfully within the time frame. Maiestas infrastructure has successfully delivered project from Larsen & Tubro, CISD, Amrapalli resort & KIIT University.

[ Maiestas Interio Private Limited ]

## Interio Division Creative Minds Inspire Living

We specialize in the full-scope turnkey fit-out and furnishing of private and public facilities. Our projects illustrate our skills in combining aesthetic and operational requirements to create the harmonious and complete results our clients expect. We proudly set the standards of excellence in interior implementation. Our company has managed to build up an association with quality suppliers and manufacturers, in addition to utilizing our own in-house manufacturing facilities. Our expansive network allows us to leverage the knowledge, organizational ability, purchasing power, facilities, and economies of scale we provide in.

Tight adherence to our clients' needs is essential to our business. Our long-term relationships with our suppliers allow us to ensure punctual delivery within budget. We provide our clients with creative and achievable design solutions of the highest standard, which can stand alone or be integrated. Our philosophy – to deliver excellence to our clients in a cost-effective and timely manner.

We are all about customization and service. It starts with our initial complimentary design appointment scheduled at your convenience. We listen to your design dreams and create a customized, functional design and product plan just for YOU. Then we coordinate everything – from measuring, product ordering and finally to installation. And the best part, we handle it all, helping to make your life easier and save you valuable time and money.

## Corporate Social Responsibility

CSR Management

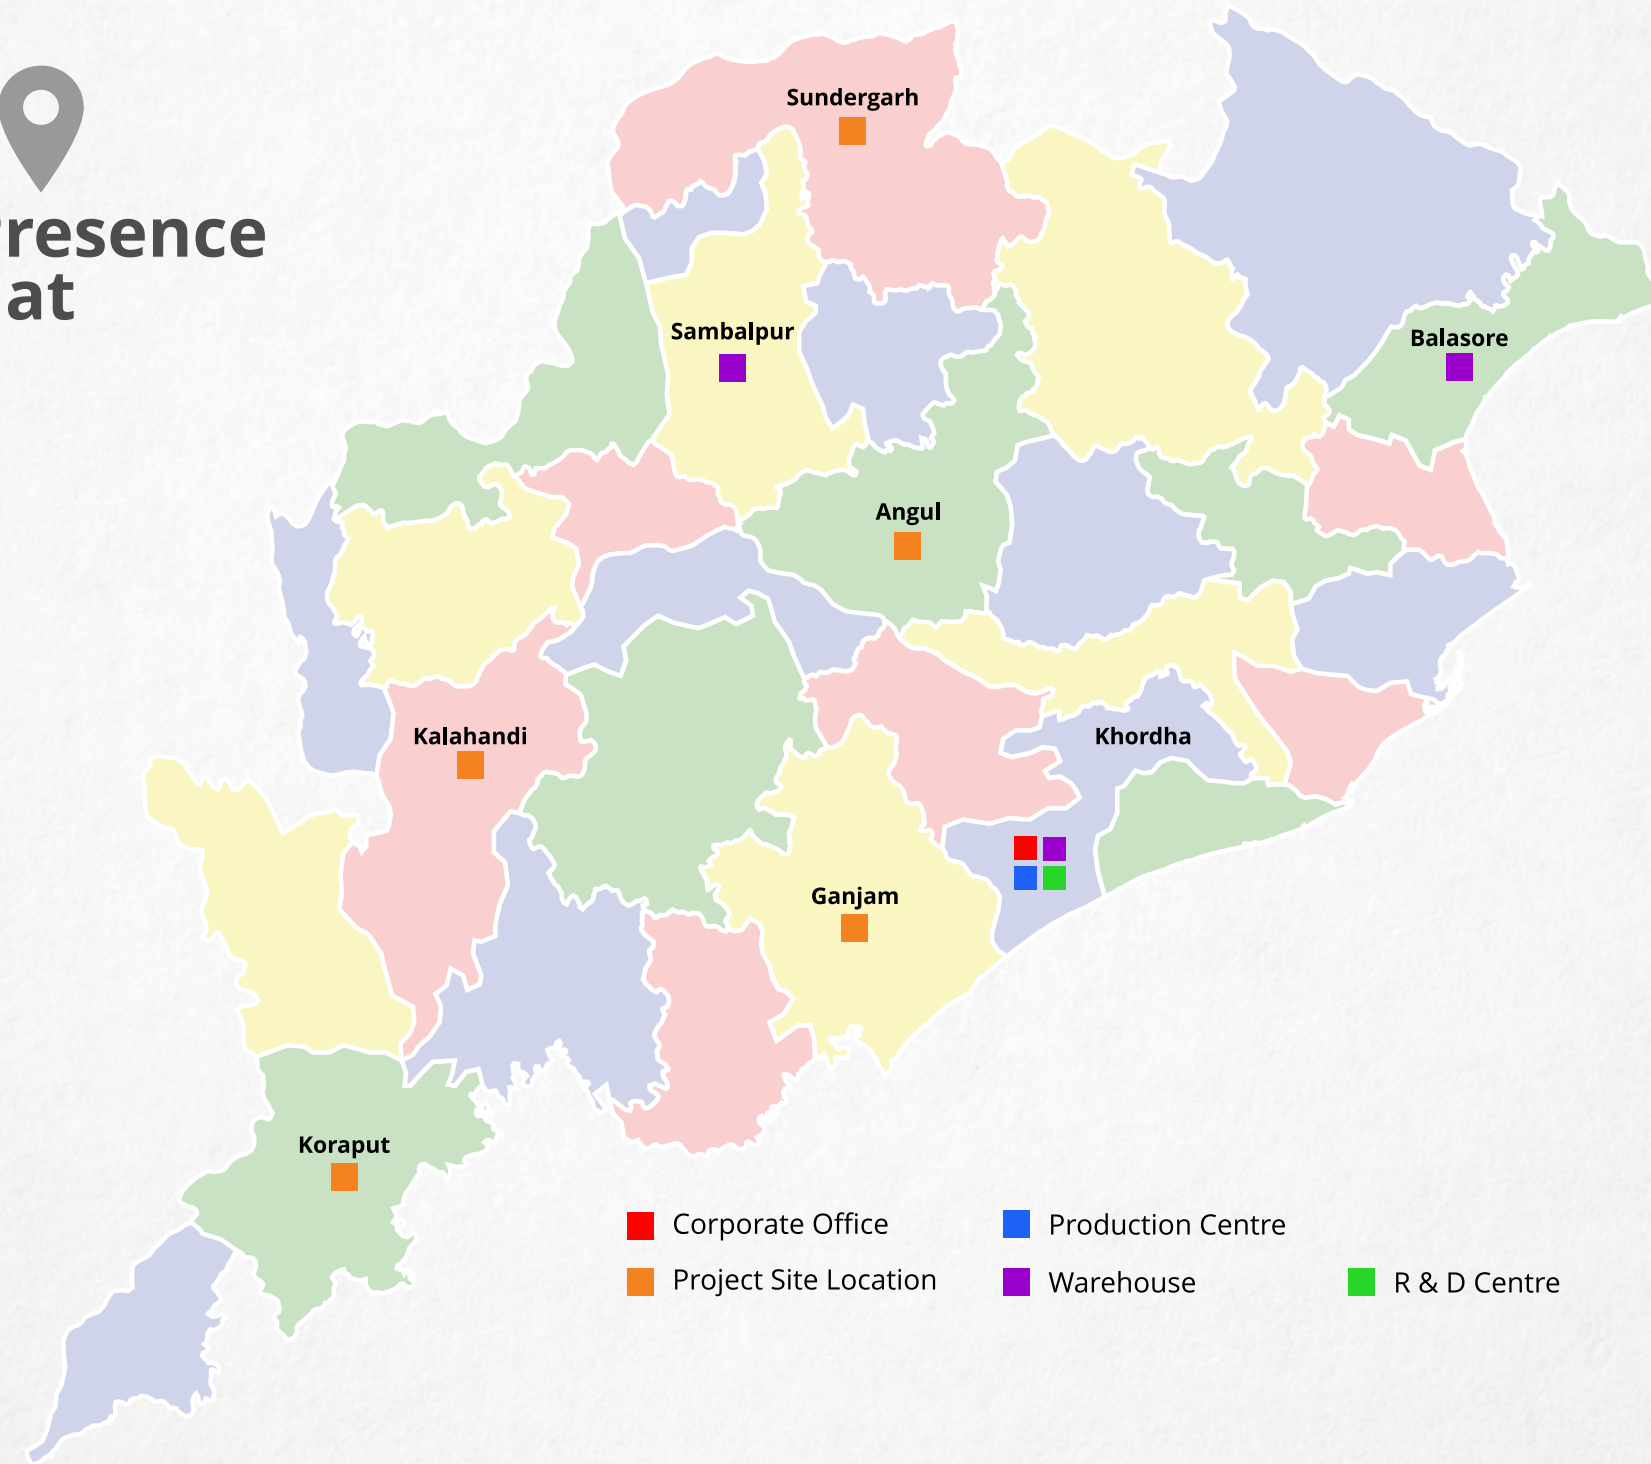

## Corporate Social Responsibility

Corporate social responsibility has become a form of corporate self-regulation integrated into a business model. We at Maiestas follow a broad CSR policy where it helps us to functions through a self-regulatory mechanism whereby we monitor and ensure its active compliance with the spirit of the law, ethical standards and international norms. To us implementation of CSR goes beyond compliance and engages us to undertake actions that appear to further some social good, beyond the interests of the firm. Our CSR aims to embrace responsibility for corporate actions and to encourage a positive impact on the environment and stakeholders including consumers, employees, investors, communities, and others. We are mindful of our responsibility to return the value we create through our business to the community. Over the years, we have initiated and supported various social, environmental and community projects. We adopt a holistic approach for sustainable long-term growth for the benefit of people in the areas of our operations. Our signature efforts include community programmes at K. Nuagan, Chikiti Block of Ganjam district in Odisha where

Maiestas Group has provided high-speed internet connectivity to rural villagers free of cost. We have also provided infrastructural support to the Sebati Seva Sadan, a free health providing hospital. We are also providing financial as well as technical support to more than 20 SHGs at Chikiti through Center for Integrated Sustainable Development, a NGO working on sustainable development.
